

CHARITY CARE

Medical Emergency Payment Program For Undocumented Residents

This program will pay for emergency care provided by a hospital for people who would have been eligible for NJ FamilyCare / Medicaid but for their immigration status. The care must be for medical conditions that happen suddenly with severe symptoms that will cause a serious health problem if immediate medical attention is not provided.

If care is received in a hospital for a condition meeting the above criteria, the hospital, physicians' and other related costs (including ambulance service) may be covered by this program.

How do I apply for the Medical Emergency Payment Program for undocumented residents?

1. Inform the hospital office staff that you wish to apply for this program.
2. If an application form is available, you will be asked to fill it out immediately.
3. If an application is not available, the staff member will notify the County Welfare Agency that you are interested in applying.
4. After the emergency medical treatment, you must call the Financial Counseling Office in the hospital you sought medical care to schedule an interview.
5. Bring any bills that you received and a form of identification (passport is accepted).
6. You must complete an application within 3 months of the date of the emergency in order to be covered under this program.
